

2,4 Ghz High Gain Antenna

Information subject to change without notice

Description

Compact antenna with high gain working in the 2.4 Ghz band.
To be fixed against any flat surface.

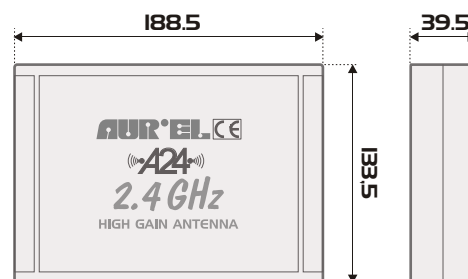

Dimensions: 188.5 x 133.5 x 39.5 mm

Descrizione

Antenna compatta che garantisce un elevato guadagno nella banda dei 2,4 Ghz e applicabile su qualsiasi superficie.

Dimensioni: 188.5 x 133.5 x 39.5 mm

Mechanical Dimensions

Technical Specification

Ta = 25 °C

CHARACTERISTICS		MIN	TYP	MAX	UNIT
F _w	Working band • Banda di lavoro	2.2		2.6	GHz
Z _i	Impedance • Impedenza		50		Ω
G	Gain • Guadagno		10		dBi
P	Applicable power • Potenza applicabile			10	W
	Horizontal or Vertical Pol. • Pol. Orizzontale o Verticale				
	Radiation pattern • Lobo di radiazione	±30° at -3dB Out of front cover			
	Connector • Connettore	SMA female • SMA femmina			
T _{op}	Operating temperature range • Temperatura di lavoro	-20		+55	°C
